Pass it around!

THE ANGLO-AMERICAN LANDING HAS BEGUN! Comrades, workers! The occupation of German imperialism in France is coming to an end, the landing of the occupation troops of Anglo-American imperialism has begun.

The Anglo-American general staff, after 4 years of preparation, has finally decided to unleash

THE NEW IMPERIALIST BATTLE IN FRANCE.

PROLETARIANS, it is you who will pay for this battle with your lives!

What does this landing mean?

For the American and English workers on strike:

The reinforcement of the prestige of the generals and the reactionary general staff against the unionized and revolutionary workers; the reinforcement of the Anglo-American bourgeoisie which trembles before the proletarian revolution in its own country.

For the German and Italian workers:

The massacre and strangulation of the communist revolution that will succeed Hitler.

For the French workers:

First: The Anglo-American bombings, the exoduses, the state of siege and Nazi deportations, terror, famine, epidemics and multiplied death!

Then: The bloodiest and most murderous battles, the state of siege and the Anglo-American occupation, the Luftwaffe bombings, the general mobilization against Germany and above all against the proletarian and communist revolution that is near in Germany!

For all workers, all the horrors of war.

This war is not our war! This war is that of our enemies, the war of the Anglo-American, German and French capitalists!

Prepare yourselves for the transformation of this war into an international civil war of all workers against all capitalists!

FRENCH WORKERS!

No union with the French or Anglo-American bourgeois! Do not follow the slogans of the various imperialist radios advocating fratricidal war for the benefit of the great capitalists! Beware of the slogans of the Stalinist and Gaullist chauvinists!

FRATERNIZE with the German, English, American workers and soldiers, help them to put an end to the capitalists' war and turn their weapons against their own officers, against their own masters!

CONTINUE AND EXPAND your class strikes against the French, German or English bosses!

ENGLISH AND AMERICAN WORKERS!

In 1940 the French workers refused to fight for the bourgeoisie. They do not want the imperialist war, but the social revolution, already begun by the Italian workers in July 1943! Break the discipline imposed on you by your officers and help us transform the capitalist war into a proletarian revolution! Refuse to fight against the German workers!

GERMAN WORKERS!The war is definitely lost for "your" bourgeoisie, the new Spartacist revolution in Germany is inevitable. Turn your weapons against the Nazi exploiters and oppressors and refuse to fight against the English, American or French workers!

THE WORKERS OF ALL COUNTRIES ARE OUR BROTHERS!

THE GENERALS AND MARSHALS, THE EXPLOITERS OF ALL COUNTRIES ARE OUR ENEMIES!

We have known the German occupation, we will know the Anglo-American occupation!

DOWN WITH ALL IMPERIALIST LANDINGS AND OCCUPATIONS!

DOWN WITH THE IMPERIALISTS' WAR!

FORWARD FOR THE INTERNATIONAL COMMUNIST REVOLUTION,

FOR THE WORLD WORKERS' REPUBLIC!
